

Minutes for meeting IEEE TC on control education, during CDC December 2018

Eleven people attended the meeting, (Bozena, Sebastian Trimpe, Birgit Jacob, Dzang Tran, Kadriye Dogan, Selahattin Sarsilmaz, Bill Levine, Huazhen Fang, Claudia Califano, Tyrone Duncan)

The Discussion focused on the IFAC Advancement in Control Education (ACE) 2019: <https://ifac-ace2019.org> and its preparation, 7-9 July, 2019, Philadelphia, PA, USA, organized for the first time in conjunction with American Control Conference (ACC), 10-12 July, 2019, Philadelphia, PA, USA: <http://acc2019.a2c2.org>

We had talked about other control conferences in June-July, 2019:

SIAM Conference on Control and Its Applications (CT19):
<http://siamct19.cuit.edu.cn/index.htm#promo>, 19-21 June, 2019, Chengdu, China

European Control Conferences (ECC), 25-28 June, 2019 in Naples, Italy:
<https://ecc19.eu>

Observation was made that it is impossible to attend all four great conferences organized on 3 continents in very close time but very long distances from each other.

These conferences are expensive so people would face a real challenge which one to choose.

We also talked about Best Practices in Outreach Programs.
